January 17, 2019

To all communities of the Nass Valley,

There will be a slight change in the Home Care department's hours to reflect the Health Care Centre's hours of operation.

Currently, the Home Care department's hours of operation are 7:30am to 4:00pm. Those hours will be changing as of Monday, February 4, 2019 to 8:30am to 5:00pm to correspond to the rest of the organization's hours of operation. This will be more convenient for our clients as it corresponds to physician's office and pharmacy hours, for example.

The home care staff will be discussing this change with our clients and helping them to transition to it. This should cause very little disruption, if any, to home care clients.

If there are any concerns or questions, please feel free to contact the Home Care Nurse Supervisor or any of the home care staff at the Health Centre.

Thank you.

Respectfully,

Demetra Poulis
Home Care Nurse Supervisor
Nisga'a Valley Health Authority
Ph. 250-633-5025
